Kenneth Little
Development Project Manager
Nation Rise Wind Farm Limited Partnership
110 Spadina Ave., Suite 609,
Toronto, ON M5V 2K4

Dear Mr. Little:

RE: Notification of Proposed Renewable Energy Project – Nation Rise Wind Farm

The Ontario Ministry of the Environment and Climate Change (Ministry) has reviewed the information provided in the Draft of the Project Description Report (PDR) received for the Nation Rise Wind Farm. The Ministry has reviewed the anticipated environmental effects of the project (as described in the PDR) relative to its current understanding of the interests of Aboriginal communities in the area.

In accordance with section 14 of Ontario Regulation 359/09 "*Renewable Energy Approvals under Part V.0.1 of the Act*" (O. Reg. 359/09) made under the *Environmental Protection Act*, please find below the list of aboriginal communities who, in the opinion of the Director:

i) have or may have constitutionally protected aboriginal or treaty rights that may be adversely impacted by the project (s.14(b)(i)):

Aboriginal Community Common Name: Contact Information
Algonquins of Ontario Consultation Office Attention: Janet Stavinga, Executive Director 31 Riverside Drive, Suite 101 Pembrooke, ON K8A 8R6
Chief Abraham Benedict Mohawks of Akwesasne P.O. Box 579 Cornwall, ON K6H 5T3

OR

ii) otherwise may be interested in any negative environmental effects of the project (s.14(b)(ii)):

Grand Chief Konrad Sioui
Nation Huronne Wendat
255, place Chef-Michel-Laveau
Wendake, QC
G0A 4V0

NOTE: None of the foregoing should be taken to imply approval of this project or the contents of the PDR. This letter only addresses the requirement of the Director to provide a list of aboriginal communities to you as required pursuant to section 14 of O. Reg. 359/09. You should also be aware that information upon which the above list of Aboriginal communities is based is subject to change. Aboriginal communities can make assertions at any time, and other developments, for example the discovery of Aboriginal archaeological resources, can occur that may require additional aboriginal communities to be notified. Should this happen, the Ministry will contact you. Similarly, if you receive any feedback from any Aboriginal communities not included in this list, as part of your consultation, the Ministry would appreciate being notified.

Please contact John Arciuch, Aboriginal Consultation Advisor at 416-326-9608 or John.Arciuch@ontario.ca should you have any questions or require additional information.

Yours sincerely,

Sarah Paul

Algonquins of Ontario Consultation Office
Attention: Ms Janet Stavinga, Executive Director
31 Riverside Drive, Suite 101
Pembroke, Ontario
K8A 8R6

Dear Ms Stavinga:

RE: Notification of Proposed Renewable Energy Project

The Ontario Ministry of the Environment and Climate Change (The Ministry) has received project information regarding a proposal for a renewable energy project titled Nation Rise Wind Farm (complete proponent contact information listed below). This proposed project will be located in a rural area about 35 km NW of Cornwall, Ontario. The proponent's draft of the Project Description Report (PDR) includes a description of the potential environmental effects of the project.

In accordance with section 14 of Ontario Regulation 359/09 "Renewable Energy Approvals under Part V.0.1 of the Act" (O. Reg. 359/09) made under the Environmental Protection Act, I am of the opinion that your community has or may have constitutionally protected aboriginal or treaty rights that may be adversely impacted by the project.

This letter is to notify you that under O. Reg. 359/09, procedural aspects of the Crown's duty to consult have been delegated to the proponent. The proponent is required to provide you with notices about the project and the location of any public meetings as well as a Draft of the PDR and summaries of other project documentation that are to be submitted as part of the application for the issue of a renewable energy approval.

The proponent is also required to seek your community's written input in respect of the project documentation and, in particular, any information that your community may have about:

- any adverse impacts the project may have on constitutionally protected aboriginal or treaty rights;
- any adverse impacts from the project and how those may affect your community;
- any measures for mitigating those adverse impacts, and;

- any constitutionally protected aboriginal or treaty rights that the Ministry is currently not aware of.

The proponent is required to communicate with you about any adverse impacts or mitigation measures you identify and document these discussions in a Consultation Report. The Consultation report together with the project documentation will be submitted to the Ministry for its review and a decision under O.Reg. 359/09.

NOTE: None of the foregoing should be taken to imply approval of this project, the contents of the Draft of the PDR or a complete assessment of any negative environmental effects. This letter only serves to notify you that the Director provided a list of aboriginal commuities to the proponent of this project as required by section 14 of O. Reg. 359/09 and that your community has been identified to them based on the Ministry's current understanding of treaties, traditional territories, claims and assertions in the project area in relation to any anticipated negative environmental effects.

Please contact John Arciuch, Aboriginal Consultation Advisor at 416-326-9608 or by e-mail at John.Arciuch@ontario.ca should you have any questions or require additional information.

Yours sincerely,

Sarah Paul

Dear Grand Chief Sioui:

RE: Notification of Proposed Renewable Energy Project

The Ontario Ministry of the Environment and Climate Change (The Ministry) has received project information regarding a proposal for a renewable energy project titled Nation Rise Wind Farm (complete proponent contact information listed below). This proposed project will be located in a rural area about 35 km NW of Cornwall, Ontario. The proponent's draft of the Project Description Report (PDR) includes a description of the potential environmental effects of the project.

In accordance with section 14 of Ontario Regulation 359/09 "Renewable Energy Approvals under Part V.0.1 of the Act" (O. Reg. 359/09) made under the Environmental Protection Act, I am of the opinion that your community does not appear to have constitutionally protected aboriginal or treaty rights that may be adversely impacted by the project. However, I am of the view that your community may be interested in any environmental effects of the project.

As the process moves forward, this letter is to notify you that, under O. Reg. 359/09, the proponent is required to provide you with notices about the project and the location of any public meetings as well as a draft of the PDR and summaries of other project documentation that are to be submitted as part of the application for the ministry's review and decision under O.Reg. 359/09.

The proponent is also required to seek your community's written input in respect of the project documentation and, in particular, any information that your community may have about:

- any adverse impacts from the project and how those may affect your community;
- any measures for mitigating those adverse impacts; and
- any constitutionally protected aboriginal or treaty rights that the Ministry is currently not aware of.

The proponent is required to communicate with you about any adverse impacts or mitigation measures you identify and document these discussions in a Consultation Report. The Consultation report together with the project documentation will be submitted to the Ministry for its review and a decision under O.Reg. 359/09.

NOTE: None of the foregoing should be taken to imply approval of this project, the contents of the Draft of the PDR or a complete assessment of any negative environmental effects. This letter only serves to notify you that the Director provided a list of aboriginal commuities to the proponent of this project as required by section 14 of O. Reg. 359/09 and that your community has been identified to them based on the Ministry's current understanding of treaties, traditional territories, claims and assertions in the project area in relation to any anticipated negative environmental effects.

Please contact John Arciuch, Aboriginal Consultation Advisor at 416-326-9608 or by e-mail at John.Arciuch@ontario.ca should you have any questions or require additional information.

Subject: Re: Notification and report distribution for Nation Rise Wind Farm

Hi Gabriel,
I just had a quick read through of the instructions and everything makes sense.
The registered mail will have to go Tuesday as the colour/binding process just takes a bit longer.
I will do my best to get the other printed and out for Monday.

As we had discussed on earlier projects, the timing is very difficult. We really need to try and work together to get 2-4 business days for these types of projects based on the receipt of all materials. Our deadline really should be Thursday for this project. For the future lets see what we can do in that regard.

Will you please confirm the return address for the our going envelopes.

Please let me know if you need anything else.

Regards,
Scott

> - We would like everything to go out on Monday
>
> **Nation Rise Notification Mailers 09152016 NonLandonwer- REGISTERED Mail**

- For the ‘’non’’ landowner (stakeholders), please send by registered mail so we receive proof of delivery.
- Each stakeholder might not receive the same documents, please look at the three last columns for reference.
- Please look at the notes column, two copies of each document should be sent to March Chenier and Helen Thompson
- For the notification sheet, please print two-sided (one side French, one side English)
- For the Draft Project Description Report, please print in color, double sided, with cerlox binding.
- Please print one sided for the Municipal consultation form.
- We would like everything to go out on Monday, unless registered mail is a guaranteed two days? Then Tuesday would be good.

Invoicing

Please invoice everything to us, except the cost of the printing of the Draft Project Description Report and Municipal Consultation form should be billed to (printing and binding only):

Subject: MOECC Notification Letter - Nation Rise Wind Farm
Attachments: Nation Rise - MOECC Aboriginal Consultation Letter.pdf

Hi Janet,

As discussed over the phone yesterday, please find attached the MOECC letter that Ken Little of Nation Rise Wind Farm LP (Nation Rise) received on August 16, 2016 regarding consultation requirements as part of the REA.

In addition to Nation Rise receiving the attached notification letter, yourself, the Mohawk of Akwesasne and the Nation Huronne Wendat also received notification of the proposed renewable energy project. As per the MOECC letter, Nation Rise reached out to all three Aboriginal Communities.

Subsequent to the Mohawk receiving notification of the Project, they contacted Nation Rise and expressed an interest in being involved in the Stage 2 component of the project and wanted to send community members to participate in the fieldwork. After understanding the interest of the Mohawk of Akwesasne, Ken, and later me, reached out to you at AOO to gauge interest and availability in having Community Liaisons participate in the project.

The objective of Nation Rise is to be as inclusive as possible and if available, have community members from interested Aboriginal communities participate in the project as they see as appropriate. Understanding that the project study area is located within the Algonquin Settlement Boundary, Nation Rise wants to better understand any potential concerns in having the Akwesasne participate in the Stage 2 fieldwork.

The team from Nation Rise and myself are available next week to discuss any concerns that the AOO might have at a time that's suitable for you.

As requested last night, I will send through a second e-mail outlining the project, Stage 2 scope, duration and schedule for circulation to possible AOO Community Liaisons.

All the best,

-Brad-

Good evening Brad,

The summary below (and attachment) is simply fabulous. The outreach has now been posted to our Archaeological Liaisons along with a request that they provide a response to you no later than 4 PM on Thursday, November 10, 2016. For your information, you were copied on this outreach.

Please do keep me posted on your end as to replies.

And again, thank you for your responsiveness. I will be using your summary below as a model in speaking to other archaeologists.

Looking forward to working with you and your colleagues in Golder in other projects.

Subject: Nation Rise Wind Farm - Project Description for circulation to Community Liaisons

Hi Janet,

As requested, the following provides details regarding the project, scope and schedule for the Nation Rise Wind Farm Project for dissemination to the Community Liaisons.

Project Description: Nation Rise Wind Farm
Location: North Dundas Township, Ontario. Project is bordered to north by Marionville Road, to the west by Finch-Winchester Boundary Road, the south by Finch-Ornabruck Boundary Road and Gourville Road to the east (see attached map)
Work Scope: Assist with Stage 2 archaeological assessment in advance of construction. Archaeological tasks will involve working with a number of Archaeologists and walking ploughed fields at 5 metre intervals. Average day is for a crew to assess between 20 and 30 hectares.
Number of Community Liaisons Requested: 2
Schedule: The Stage 2 fieldwork is slated for 13 – 15 field days (Monday to Friday) starting around November 14th. Fieldwork may not be consecutive days as the work is dependent on weather and status of fields being ploughed
Personal Protective Equipment: 6 – 8 inch steel toed boots and high visibility vest. Vests can be provided if none are available.
Contacts: If interested, please contact Bradley Drouin of Golder Associates Ltd. at 613-592-9600 or at bdrouin@golder.com

If you require any further information, please let me know.

Meeting Status:	Not yet responded
Organizer:	Little, Ken
Required Attendees:	Drouin, Bradley; Maxime Picard; Loturco, Tom; Nathan Roscoe - EDP Renewables Canada Ltd. (nathan.roscoe@edpr.com)

All,

Please hold this time to provide Maxime Picard with an update of the archaeological surveys that have been completed to-date at the Nation Rise Wind Farm and discuss the schedule moving forward for work this spring.

Please expect a brief agenda to be provided prior to the meeting by either myself of Brad Drouin (Golder).

Thank you,
Ken Little

Subject: RE: EDPR Meeting - Thank You

Hi Ken,

Many thanks again for coming to Wendake and meeting with our team.
Our feeling toward our meeting is the same as yours.

We really appreciate the time and efforts you out in putting us in contact with your finance and construction team, thanks for that.
As soon as we hear from you we will make sure to put the right persons in contact.

Regarding the Stage 2 archaeology, at our end everything is going very well and the communication is good with Golder. I am for sure open to discuss this with Golder at the end of the Stage 2.

Don't hesitate if there is anything at your end too,

We are always available to discuss,

Best regards,

Maxime

Objet : EDPR Meeting - Thank You

Louis, Maxime, and Simon,

I wanted to thank you for your hospitality in hosting us for the meeting last week. We had a great time exploring the community for the remainder of the afternoon and appreciate all of your recommendations. I thought it was quite productive and was a great experience to meet you all.

Our US team is out today for the Memorial Day long weekend; however, upon their return I will get some potential dates in the next few weeks with our finance team who can provide a much more detailed discussion around our asset rotation program (selling of minority stakes in our projects.) I will also reach out to our construction and procurement teams on availability; however, I know their time is currently very limited as we have just started the construction window for most of our projects.

I have also requested that at the end of our archaeological Stage 2 investigations in the next few weeks that our Golder representative reach out to Maxime to provide feedback on the monitors who were present on site.

If there is anything else you would like to discuss always feel free to reach out to me directly.

Thank you,
Ken

James W Ransom, Director
Mohawks Council of Akwesasne
29 Third Street,
Akwesasne, QC, H0M 1A0

Dear Mr. Ransom,

On behalf of the Nation Rise Wind Farm, I am writing to let you know that you are receiving the enclosed draft Renewable Energy Approval (REA) reports as the Director of the Mohawks Council of Akwesasne, in accordance with the requirements set out in *Ontario Regulation 359/09*.

This initiates the formal consultation period as prescribed under *Ontario Regulation 359/09* prior to the final public meeting. In order to minimize our environmental footprint and avoid paper use, a USB key containing the digital format of the REA reports is included in this submission. If you require paper copies of the full reports, they can be made available upon request. Please note these reports are for the review of the members of the Mohawks of Akwesasne only. We would be pleased to meet with you to discuss the enclosed reports and any comments you may have. Moreover, we would like to formally request that you provide any information (in writing) that, in the opinion of your community, should be considered in preparing any of the reports enclosed. Please note that this is a formal requirement of the process, EDP Renewables Canada will continue to consult with you directly on matters of aboriginal interest as we have done so to date.

Please feel free to contact us directly if you have any questions regarding the enclosed.

Sincerely,

Ken Little

Grand Chef Konrad Sioui
Nation huronne-wendat
255, place Chef Michel Laveau
Wendake, QC, G0A 4VO

Cher Grand Chef Sioui,

De la part de *Nation Rise Wind Farm,* nous vous écrivons pour vous indiquer que vous avez reçu les rapports préliminaires d'une Autorisation de projets d'énergie renouvelable (APER) en tant que Grand Chef de la Nation huronne-wendat, tel que requis par le Règlement de l'Ontario 359/09.

Ceci initie la période de consultation formelle tel que prescrit par le Règlement de l'Ontario 359/09 avant la dernière rencontre communautaire du projet. Afin de minimiser les impacts environnementaux et l'utilisation de papier, trois clés USB contenant une version électronique des rapports de l'APER est incluse dans cette soumission en plus des versions papier des *Project Location Map*, *Site Plan Maps* et *Summary of REA Technical Reports*. Si vous désirez la version papier de tous les rapports, elle peut être mise à votre disposition. Veillez noter que ces rapports sont fournis pour les membres de la Nation Huronne-Wendat seulement.

Nous serions heureux de vous rencontrer pour discuter des rapports et de vos commentaires. De plus, nous voudrions vous demander de nous envoyer par écrie toute information qui, selon l'opinion de votre communauté, devrait être considérée en préparant les rapports inclus dans cette soumission. Ceci est une étape formelle du processus de l'APER et *EDP Renewables Canada* va continuer sa consultation avec vous pour tout sujet d'intérêt pour la Nation huronne-wendat.

S'il-vous-plaît, veuillez nous contacter directement pour toutes questions par rapport à cette soumission.

Cordialement,

Hi Darrell,

Here are the cover letters (four total, for the four packages). Each cover letter go with a specific package. It's detailed in the Excel spreadsheet.

All is good with the large file?

Please let me know if you have any questions (email or call).

Thanks!

Subject: Printing Request for First Nation REA package - Nation Rise Wind Farm

Hi!

As discussed on the phone, there are **four** packages total that will need paper copies and create USB keys. One package contains only one USB key, two packages are small (less printing), and one package is quite large (all reports to print).

Mohawks of Akwesasne and Nation Huronne-Wendat

The Mohawks and Huronne Wendat should receive the exact same package (although the cover letter will differ). These are the two smaller packages:

- **3** USB keys per package containing the following reports:
https://dnv-my.sharepoint.com/personal/gabriel_constantin_dnvgl_com/_layouts/15/guestaccess.aspx?folderid=120e8d019d2b74db99c4a32d4a70118e8&authkey=AU8cix8d1Dba4OvMBOhuq44
- Please print one copy of the report and maps (one copy per package); maps in color, report in black and white:
https://dnv-my.sharepoint.com/personal/gabriel_constantin_dnvgl_com/_layouts/15/guestaccess.aspx?folderid=1acbd5bedfdd64309985d82e342afb772&authkey=AVhEJBY-dnU_rC9yuemY0MQ

One USB package:

- One extra package for the Mohawk should be sent to James W Ransom. Please only include one USB key. A separate cover letter will also be provided.

Algonquins of Ontario Conservation Office

The Algonquin will receive a different package, as they require printing of the full suite of report [fourth and final package].

The one package includes:

- 3 USB keys containing the following reports:

https://dnv-my.sharepoint.com/personal/gabriel_constantin_dnvgl_com/_layouts/15/guestaccess.aspx?folderid=120e8d019d2b74db99c4a32d4a70118e8&authkey=AU8cix8d1Dba4OvMBOhuq44

- Print the full suites of report that are in the USB keys, black and white, all maps should be in 11 by 17, except for the Site Plan maps (24by36) . Here is the link again

https://dnv-my.sharepoint.com/personal/gabriel_constantin_dnvgl_com/_layouts/15/guestaccess.aspx?folderid=120e8d019d2b74db99c4a32d4a70118e8&authkey=AU8cix8d1Dba4OvMBOhuq44

We would like all four packages to be submitted tomorrow

For payment, please contact Ken Little. He can pay by credit card.

HI Darrell,

These are two different requests:

- 5 USB keys and cover letters: please send today if possible. Or asap.
- Printing of the full suite in colour (2 copies): please start printing to get it ready. Submission is on Tuesday. I will give you more details, including two cover letters and addresses, on Tuesday.

Were you able to get the four packages out (the one requested yesterday)? These are the most important right now.

Thanks,

Gab

Hi Darrell,

As discussed, please find attached the five different/personalized cover letters, for the 5 packages to send. Each packages should have one USB key.

I have attached also a spreadsheet with the addresses, but you have them also in each cover letter.

Please confirm you have receive this and have all you need. Let us know when this can be sent out.

Thank you!!

Hi Darrell,

I just want to give you a heads up that we have to:

- Send addition USB keys (5) with the same files as the USB keys you are creating yesterday/today (to be sent at the day)
- Also we will have to print the full suite of documents again (2 packages), to be sent on Tuesday end of day. You can start the printing on those.

I wanted to give you the heads up so you don't delete any files on your side.

I'll send you all the details separately soon, for addresses, cover letter, etc.

The priority today remains the submission we discuss yesterday for the 4 packages.

Thanks,

Gab

Subject: RE: Nation Rise Wind Farm - Submission of REA reports

Maxime,

I just tried your desk phone, please feel free to call me at my desk or cell phone number below today to discuss.

Below are the links for the Stage 1 and 2 Archaeological Assessments in draft form. We are still working on the archaeological field work for this project and anticipate completing the field investigations for Stage 2 in the next two weeks. Golder Associates has been contracted for this work and I have copied the project lead, Brad Drouin, on this e-mail as well.

Hello Ken,

I am back at the office today and just took your message.

As asked to your colleague Gabriel would it be possible to provide us the shapefiles of the study area as well as the archaeological assessments that have been done to date ?

Regards,

Maxime

Hi Maxime,

Thank you for your email.

I would like to introduce you to Ken Little, Project Manager for EDP Renewables (Proponent of the Nation Rise Wind Farm).

He should be in touch with you this afternoon and provide you more detail about the Project.

Best regards,

Gabriel

Hello Gabriel,

My name is Maxime Picard and i am in charge of all the Ontario consultations.

Would it be possible for you to provide us the shapefiles of the project area.

Furthermore could you precise us at which point are you presently regarding the archaeological assessment.

Best regards,

Maxime Picard

Bonjour Sonia,

Thank you for your time on the phone.

As discussed, I would like to confirm with you that you have no problem with reviewing our environmental reports *in English* related to the Renewable Energy Approval (REA) process in Ontario for the Nation Rise Wind Farm.

Could you please confirm?

You will receive our reports by the end of this week, or early next week.

Thank you.

Cordialement,

Gabriel

Hi Kylee,

It was great speaking with you and Curtis today. As discussed, linked below is the Stage 1 Archaeological Assessment report. I've also attached the letter of compliance from the MTCS. The approximate center point coordinates for the wind farm in NAD 83 is 488558 East 5001510 North.

Some good news already, I e-mailed both Mason and Lloyd and they have both indicated that they are good to go for next week. I'll work with our recruiting folks to get offer letters out to them and to determine what training may be required prior to getting out in the field.

I also looked up the location of Roebuck site and it's relation to the Nation Rise Wind Farm project – that site is situated roughly 95km to south west. Unfortunately, I didn't catch the second site that Curtis mention - if you could pass the site name onto me, I'll take a look for that site as well.

Hi Kylee,

By way of introduction, my name is Bradley Drouin and I'm the Consultant Archaeologist working with Ken Little of EDP Renewables on the Nation Rise Wind Project. Ken forwarded on your e-mail regarding participation with the Stage 2 fieldwork.

I left you a voice message this morning but figured I'd follow-up with an e-mail to see if there was a suitable day and time to have a conference call. We'd would like to discuss some next steps as it relates to participation in the Stage 2.

I look forward to hearing from you.

-Brad-

Subject: Archaeology Field Technicians

Good Morning,

I wanted to thank you for coming to Akwesasne and meeting with us. I am eager to assist in relations to Archaeology as much as possible. I've been involved with our field school and it is an exciting experience. I appreciate the opportunity for our community members to be able to further their knowledge in this field of study.

I have attached a few documents; a word document that includes names and contact information as well as their resumes. I am waiting for one resume and will send that to you as soon as I receive it.

Lloyd Benedict Jr and Mason Lazore both have experience working with Golder, Adam has been involved in Archaeology since 2008, and Lance Jacobs (waiting for his resume) has also been involved in Archaeology for some time. He has experience working in Quebec as well.

As mentioned yesterday, if there is anything needed to assist please do not hesitate to contact me. I am available to help in any way.

Thank You,

Kylee Tarbell

Assistant Director

Department of Tehotiiennawakon

Mohawk Council of Akwesasne

Jim,

Let's plan on meeting Tuesday morning, but I will likely be coming from Ottawa or Morrisburg. So if you could make the meeting sometime after 9am I would appreciate it just so I can make sure I have ample travel time. For now just plan on me being present in-person, but I will have our key consultants and experts ready to dial-in by phone.

I will let you know if more folks will join me in-person before the meeting.

Sent: Wednesday, April 12, 2017 11:48:28 AM
Subject: RE: Nation Rise Wind Farm (EDPR) - Draft REA Documentation and Follow-up Meeting

Jim,

We would be bringing a maximum of three individuals from our team at this current time; however, we are likely to have our archaeological and wildlife consultants on-call for the meeting so that if we have specific questions we can dial them in.

We expect it will take at a minimum 1.5 hours to cover the outline of the REA documents, but I believe it would be beneficial to have a total meeting of 3-4 hours that way we can address any specific questions that might arise.

I don't anticipate needing any equipment; however, having a screen and projector could be useful in case we want to have a larger map to speak to, etc. We would also request a speakerphone if possible.

I have outlined a brief agenda below just to provide some idea around timing; however, I would like to clean this up and add greater specifics next week prior to sending to the larger MCA group if that is okay. Please provide me with any feedback on the below agenda as to what you would like to see.

Brief Agenda
(to be updated prior to meeting)

- Introductions (5-10 minutes)
- Project Overview (5 minutes)
- Project Updates and Schedule (10 minutes)
    - Ongoing studies, likely that archaeological studies will still be underway at the end of April
- Renewable Energy Approval (REA) Overview and Key Finding (1.5 hrs)
    - Describe in brief each REA report
    - Provide key findings related to each report
        - May have consultants dial-in by phone
- Discuss any reports or areas of interest to the MCA review group (1+ hrs)
    - Will make consultants available for further detailed discussion

Ken,

It was a pleasure speaking with you this morning. I am confirming that providing electronic copies of the REA documentation is acceptable to the MCA.

I will ask my administrative assistant to look at dates in the first week of May for a meeting and get back to you on that. We will see if we can have it on Cornwall Island (Kawehno:ke) at the A'nowara'ko:wa Arena so that there is no need to cross the border into the United States. Would you have more details you can share in regards to the meeting, an agenda, length of time for the meeting, any equipment needs (for a PowerPoint presentation perhaps), number expected to attend. I will be reaching out to my Environment Program staff and portfolio chiefs for attendance from our side along with myself.

Thank you.

Jim,

Further to our conversation I was hoping you could confirm that providing electronic copies of the REA documentation is acceptable with the MCA.

Secondly, we are available the week of April 24th to provide an overview of the REA documentation and key findings from our studies to-date. I will note that it sounds like the rest of the team may have more availability in the first week of May, so if that works for the MCA please let me know.

Thank you,
Ken

Cc: gabriel.constantin@dnvgl.com; Roscoe, Nathan <Nathan.Roscoe@edpr.com>
Subject: RE: Metis Nation of Ontario - Nation Rise Wind Farm

Hello Kenneth,

It was a pleasure speaking with you on the telephone Tuesday. As promised, I'm sending you a follow-up email with some additional information.

I understand that EDP Renewables Canada Ltd. is willing to meet with the Métis Nation of Ontario (MNO) in respect of the proposed Nation Rise Wind Farm (the Project).

As mentioned, the proposed Project is located within the MNO's Region #6. A Consultation Protocol has been developed for MNO Region 6 and the document can be found on our website, here.

There would likely be five or six people attending the meeting, namely, the four members of the MNO's Region 6 Consultation Committee (R6CC) plus one or two MNO support staff. MNO's R6CC consists of the MNO's Regional Councillor and one representative from each of the MNO's three Chartered Metis Community Councils located in Region #6. MNO's Chartered Community Councils within MNO's Region #6 include the Ottawa Métis Council, the High Land Waters Métis Council, and the Peterborough and District Wapiti Métis Council.

In respect of costs, the MNO requires that all costs associated with any meetings be covered by the proponent of a proposed project. Costs include travel, meals, any facility rentals, and, if an overnight stay is required, any necessary accommodations for the members of the Consultation Committee. It is MNO's best practice to work with project proponents to make every reasonable effort to minimize costs associated with consultation. Travel/meal expenses are reimbursed in accordance with the MNO's Financial Policy. The MNO's travel expense rates are equivalent to the rates of the Canadian federal government.

R6CC members are MNO political leaders that are not paid for their consultation efforts and duties. They are volunteers and serve their citizens and communities in an entirely voluntary capacity that is within their personal financial means. Thus, requests for consultations with these volunteers necessarily translate into them taking time away from work and family responsibilities in order to participate in such required consultations and related meetings. As such, and pursuant to the MNO's Financial Policy, honoraria are required for each participating member as follows:

i) For meeting attendance, members are paid $150.00 per meeting day;
ii) Members are paid $75 per travel day;
iii) A travel and meeting day honorarium cannot be claimed for the same day, so the maximum honorarium claim per day is $150.00; and
iv) No part-time or full-time employee or paid representative of the MNO is entitled to an honorarium while acting in their role as an employee or paid representative of the MNO.

In respect to a meeting time(s), as R6CC members are volunteers, meeting(s) will either need to take place on a weekend or weekday evening (weekend day is preferred).

With the summer fast approaching, would you consider possible meeting dates in September? During our call, we discussed the possibility of meeting in Ottawa. If this suits you and your colleagues, I could explore the possibility of meeting at the MNO head office. However we are also open to meeting at another location.

Thank you again for your time, and it was a pleasure speaking over the phone the other day. Please do not hesitate to contact me if you may have any questions or comments. I hope to hear from you soon.

Sincerely,

Linda Norheim

Subject: Metis Nation of Ontario - Nation Rise Wind Farm

Dear Mr. Little,

I work with the Métis Nation of Ontario (MNO) and we have received the attached notice from you regarding the Nation Rise Wind Farm. The wind farm is proposed to be located in MNO's Region 6 and I am reaching out to you on behalf of the Métis Nation of Ontario Region 6 Consultation Committee.

More information about the Métis Nation of Ontario can be found on our website: www.metisnation.org

I'm wondering if Nation Rise Wind Farm Limited Partnership would be willing to meet with the MNO Region 6 Consultation Committee to discuss the proposed wind facility? The meeting would provide an opportunity for the Region 6 Consultation Committee to learn about the wind farm and it would also provide an opportunity for the Consultation Committee to introduce themselves to you and give a bit more context around the Métis communities in eastern Ontario.

If you have any questions around the MNO, Region 6 or the Métis communities in Ontario, I would be happy to discuss this further on the phone or by email.

Thank you,

Linda Norheim
